SWOT

Strengths
- I am great at listening to a client's needs and interpreting them into what I believe would best fit their situation
- I can pick up new skills quickly
- I am consistently on time when needed
- Take pride in my work
- Great problem solving skills
- Greate at adapting to change on the flt

Weaknesses
- My time management skills when completing tasks can be lacking
- As a beginner I am not familiar with some of the different coding languages
- Needs better skills for coping with stressful situations
- Sometimes it may be hard for me to put my pride and ego aside and ask for help when needed

Opportunities
- Network more with classmates
- Create a portfolio and collect samples of my work
- Create a detailed calendar to keep on task
- Continue to build knowledge of C# through classes external exploration
- Study more types of coding languages
- Build a noticeable brand that keeps customers coming back for more.

Threats
- Having to compete for job opportunities
- "copy and paste" web design sites like Square space and GoDaddy
